

CAVABRASIVO/6/+CU

Suction and delivery hose suitable for dry abrasive products.

DESCRIPTION

Tube NR-SBR, black, conductive
Reinf. synthetic plies, steel wire helices, a/s copper wire to discharge static electricity
Cover smooth, black, conductive, abrasion, ageing and ozone resistant, cloth finish

TECHNICAL CHARACTERISTICS

Temperature range -40°C / +70°C (-40°F / +158°F)
Norm ISO 1307 for dimensional tolerances

Inside diameter	Outside diameter	Length	Working pressure	Burst pressure	Vacuum	Appr. weight	Bending radius
[mm]	[mm]	[m]	[bar]	[bar]	[mmHg]	[kg/mt]	[mm]
51	64	40	6	18	675	1,60	200
76	91	40	6	18	675	2,79	300
90	105	40	6	18	675	3,33	360
100	116	40	6	18	675	3,76	400
102	119	40	6	18	675	4,12	400
127	146	40	6	18	600	5,65	610
152	173	40	6	18	600	8,80	760
200	227	40	6	18	600	13,68	1015
203	230	20	6	18	600	14,39	1015

Other diameters, wall thickness and pressure only on specific request.
 Data refer to ambient temperature (20°C).
